

Travel Tryout Information

Travel tryouts run the second week of August at Lakeshore Park. Players attend two sessions and are evaluated by coaches from other age groups. Placement on AAA, AA or A teams is decided by the evaluation committee, never by the coach whose child is trying out.

Bring a glove, helmet, bat and cleats. Pitchers should be ready to throw twenty pitches at the second session; catchers should bring their own gear if they have it.

Results go out by email within a week. Every family receives a short written evaluation whether or not their player made a team.

Adopted by the board. Questions go to the secretary.
